François Durvye CEO, Otium Capital

François Durvye is the CEO of Otium Capital, Pierre-Edouard Stérin's family office and one of the major players in French venture capital with €1.2 billion in assets under management and €200 million in annual investments. Prior to joining Otium Capital, François spent most of his career in industry, notably at Schlumberger, where he was Chief Economist, and at Hager, where he managed strategy and M&A, as well as at BCG. François Durvye is a graduate of the Ecole Polytechnique and is married with four children.
